Experience

April 2015
Present

ADK Group Boston, Massachusetts

UX & Creative Designer

Working with clients to deliver design solutions through user interface design, user experience strategy and front-end web development. My work is split between bring projects through the design cycle and developing front-end code for existing creative.

July 2014
March 2015

Apptopia Boston, Massachusetts

Lead UI Designer

Designing and UX strategizing on all 3 Apptopia products. Working directly with the co-founder to create wireframes, high fidelity mockups and assist with front-end code.
